

FOOD & BEVERAGE MEETING

July 12, 2011

7:00 P.M.

ATTENDANCE: Dena Patrick, Lamond Martin, Diane Boose, Gloira Dobbs, Phyllis Carr

Meeting called to order by Lamond Martin.

Dena made a motion to approve minutes from the May 10, 2011 meeting, Gloria seconded – motion carried. Lamond signed the minutes.

Phyllis advised the Pat Reilly Parking Lot sign is done & being stored at Bloomington Design until ready for placement. All Commission Members okay with storage arrangements. Phyllis advised once parking lot designs have been completed and approved, she will need to present the plans to the Development Review Commission along with the landscaping plans.

Phyllis advised she received a phone call from the Visitors Bureau regarding the motor coach parking signs that existed at the school lot. She explained the school no longer wanted to participate with the buses parking there, but the new plans at the Pat Reilly lot include bus parking. Signs would be placed once approval of the plans has been received.

Lighting was discussed for the new lot. Lamond suggests we keep the existing lighting for now to cut down on cost. If more lighting is needed, steps will be taken to add more. Gates will be installed to prevent overnight parking, green spaces will be placed between parking spaces to give the parking lot more of a green space feeling. Types of trees to be planted were discussed. Dena will ask Rick about what types of trees would be good to plant in the green areas. Lamond will get a rough cost for the completion of the parking lot.

Clothes Closet dumpster & town dumpster will need to be relocated. Phyllis to ask Roger where the town's dumpster can be placed.

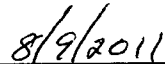

Review of financial information.

Discussion of the possible location of new set of restrooms. NE corner of Pittman House parking lot was discussed. Build one half the size of restrooms that now exist at Old School Way & Mound Street.

Discussion of sealing cracks at the Washington Street Parking lot.

With nothing further to discuss, meeting was adjourned at 8:08 p.m.
