Vice-President Gredy made a motion to allow Utility Manager Cassiday to make the decision of which bid to accept for the paving projects. Councilmember Crocker seconded the motion. All were unanimously in favor.

3) ANY OTHER BUSINESS OR COMMENTS THAT MAY COME BEFORE THE COUNCIL

Sharon Bussert was present to ask the Town to pay to have the culvert fixed on their property as it is the Town's water moving through the culverts. She also asked that the Council find out who owns the property next to them and she has heard conflicting reports, either the Town or neighboring property owner. Utility Manager Cassiday advised he believes the neighbor owns the property in question but will clarify this with the County Surveyor. Ms. Bussert explained if the neighbor owns the property they maybe able to purchase the land from them.

Ms. Bussert reported they are having drainage issues as one culvert is clogged up, other culverts are undersized and all of this is creating water issues on their property. They have been dealing with mold issues and rotting floor joists due to the water problems. Ms. Bussert advised that they have done lots of work to solve the problem but now they are going to replace a culvert under where they park their vehicles. She would like the Town to take responsibility for replacing the culvert under the driveway and clean out the culvert on Coffey Hill. She would also like the Town to put in some sort of a ditch on the north side of the road where most of the water is coming in. Discussion.

Utility Manager Cassiday advised they can clean out the culvert with the Town's equipment. Discussion. He can hire someone to fix the culvert at a reasonable price. Councilmember Crocker made a motion that the Town do what they can to make sure the water runs into the ravine. Vice-President Gredy seconded the motion. All were unanimously in favor.

4) ADJOURNMENT

Vice-President Gredy made a motion to adjourn the meeting. Councilmember Crocker seconded the motion. President Gore adjourned the meeting at 1:20pm.
