- **BOB KIRLIN – REQUEST FOR FUNDING THE BROWN COUNTY PLAYHOUSE**

Bob Kirlin, Chairman of the Brown County Playhouse, advised he came before the Town Council a couple months ago asking for financial support for the Playhouse. He thought there was some enthusiasm on behalf of the Council to support the Playhouse and asked if this was still in the works. President King reported that he has talked with Clerk-Treasurer Young about the Town's finances and he suggested that the Council make a \$2,500 donation to the Playhouse now and perhaps donate more in years to come. Councilmember Omberg asked where the funds come out of. Clerk-Treasurer Young suggested taking the funds from Economic Development fund.

Councilmember Omberg made a motion to donate \$2,500 to the Brown County Playhouse. Councilmember Gredy seconded the motion. All were unanimously in favor.

- **BETA-KIDS ON WHEELS – CLARA STANLEY**

Clara Stanley, representative of BETA-Kids on Wheels, addressed the Council and asked for their support of the Kids on Wheels skate board and teen park project. She explained they have received a \$50,000 matching grant from the Indiana Housing and Community Authority. They have 60 days to raise \$50,000 for this matching grant. Ms. Stanley asked the Town Council for their financial support of this project by donating \$1,000 to the project. She noted they have until September 22, 2018 to raise the funds and they are about halfway toward their goal. If they do not raise \$50,000 they will not get the matching grant.

Ms. Stanley also asked for a \$500 donation to BETA as well but she is willing to forego this request if they will donate funds to the Kids on Wheels project. Ms. Stanley reported that BETA has received a notice of eviction due to building code issues. They are now in the process of looking for a new location and she is also researching Boys and Girls Clubs and how they can move BETA on to the next level.

Councilmember Omberg asked if they have \$500 budgeted in. Clerk-Treasurer Young explained BETA would request the funds and last year's donation to BETA was pulled from the General Fund. Discussion.

Vice-President Gore made a motion to donate \$500 to Kids on Wheels. Councilmember Rudd seconded the motion. Councilmember Gredy asked if they look into their budget a bit more to see if they could make a \$1,000 donation. Clerk-Treasurer Young advised they will have a Town Council meeting on August 23, 2018 to work on the budget and they could make a motion then. Discussion.

Vice-President Gore withdrew her motion. Councilmember Rudd withdrew his second to the motion. President King advised they will review their budget at the next meeting and discuss the amount they will be able to donate to Kids on Wheels.

- **TREE REMOVAL REQUEST – JEFF TATHAM**

Mr. Tatham was not present however, Administration Manager Carr advised that a tree limb fell and damaged a car. Mr. Tatham believes that when the storm sewer was installed in the area of Franklin and Jefferson streets some of the roots were cut causing the tree to die. Mr. Tatham is requesting that the Town remove the tree or help pay for the removal. Administration Manager Carr reported that the tree is on private property.

Tree Board President Bruce Gould reported that the first time he reviewed the tree was during the Main Street project when they were putting the storm sewers in this area about 10 or 12 years ago. The property owners complained at the time that the roots were cut and wanted the Town to take the tree down at that time. Tree Board President Gould advised at that time he asked the property owner to wait and see how the tree held up as it was a mature full grown tree. He noticed last year there were some dead limbs as the top of the tree which is normal and the tree is just aging and dying now. Tree Board President Gould noted that the superficial tree roots that were cut were on Town property and he does not believe that it is the Town's responsibility to take down the tree. Discussion.

The Council agreed that this tree is not the responsibility of the Town to remove. Town Attorney Roberts advised that he does not believe the Town has any legal responsibility to remove the tree.

Vice-President Gore made a motion to deny the request. Councilmember Rudd seconded the motion. All were unanimously in favor.

The NAEC will submit a formal application to INDOT to allow them to do the painting but will need the Council’s approval as well. She noted that Utility Manager Cassiday is working with vendors to get pricing for this work. Councilmember Rudd asked if the DRC needs to be consulted prior to the painting of the crosswalks. Administration Manager Carr will look into what other Town approvals may be needed.

Councilmember Rudd made a motion to make a favorable recommendation to INDOT to have painted leaves in the crosswalks pending approval from the DRC. Councilmember Omberg seconded the motion. All were unanimously in favor.

NAEC President Crocker asked for approval to spend some money out of the 275 Fund not to exceed \$150 on signage for the Pavilion Music Series. TOWN COUNCIL MEETING AUGUST 16, 2018

NAEC President Crocker asked for approval to spend up to \$300 out of the 275 Fund to pay for sound engineers at two Pavilion Music Series concerts. Councilmember Omberg made a motion to approve the two requests. Councilmember Rudd seconded the motion. All were unanimously in favor.

4) PARKING AND PUBLIC FACILITIES COMMISSION REPORT

Parking and Public Facilities Commission President Lamond Martin advised that the Council appoints a lot of commission and boards to provide guidance to the Council on many matters. He suggested that a representative from each Commission meet on a quarterly basis so their efforts are coordinated and collaborative. PPFC President Martin suggested a Councilmember facilitate these meetings as well. Councilmember Rudd nominated Councilmember Omberg to be the facilitator.

PPFC President Martin reported the Commission is still working on the by-laws. They also looked at the map stand maps and have submitted changes to be made. As for the restrooms, the Commission will be installing new faucets as there are many complaints on the type of faucet that are currently in use. He noted those faucets are fifteen years old and will be purchasing water saving faucets. PPFC President Martin reported that they will continue with the crack seal and restriping program.

5) ANY OTHER UNFINISHED BUSINESS OR COMMENTS THAT MAY COME BEFORE THE COUNCIL

Nothing further presented.

NEW BUSINESS

1) ORDINANCE 2018-10 HISTORIC PRESERVATION ORDINANCE

Town Attorney Roberts explained the DRC spent a lot of time agonizing over the situation with the Calvin House. The ordinance they had in place worked in this situation but it was touch and go for awhile. Town Attorney Roberts advised that Indiana Landmarks Representative Laura Renwick has proposed that the Town adopt their model historic preservation ordinance. He advised the model ordinance created another commission which seems cumbersome and therefore he amended the model ordinance to designate the DRC as the Historic Preservation Commission.

Town Attorney Roberts reported on the changes he made to the model ordinance and explained that some members of the community believe that they should take action and get a more effective ordinance in place as soon as possible. Town Attorney Roberts advised he has preliminarily designated that the Village District also be the Historical District.

Town Attorney Roberts noted the applications will be submitted to Administration Manager Carr and she has provided him with very good feedback on this proposed ordinance. He has amended the model ordinance to include some of her suggestions as to what Town Administration may approve. Town Attorney Roberts explained if someone wants to demolish a building in the Historic District or has been

designated as a Historic Building will require the owner to prove that the building is without value. He went into detail on how the process would work and noted there is a penalty to those that violate the ordinance. Town Attorney Roberts commented that they have an obligation to their community to take this step and believes it is a good start.

Nancy Crocker asked that this draft ordinance be available on the Town's website so that others can also review it. Clerk-Treasurer Young advised this could be done.

DRC Member David Martin reported that he has read through this ordinance several times and believes this is the best thing they have. He noted that without an ordinance they have almost lost two historic buildings. DRC Member Martin would like to see an ordinance adopted as soon as possible.

Vice-President Gore asked if they are ready to take action on this ordinance now. Town Attorney Roberts advised the ordinance has been prepared so that it can be signed. Administration Manager Carr asked that the DRC members be allowed to review the ordinance and give their input before being adopted. Councilmember Omberg noted he just received the ordinance today and has not had time to review the document. Utility Manager Cassiday advised this ordinance is a good start but needs some fine tuning as noted by Administration Manager Carr's feedback on the document.

TOWN COUNCIL MEETING AUGUST 16, 2018

Vice-President Gore advised at some point they should talk about advertising for the Town Manager position. In the meantime, a few Councilmembers should become a transition team to take on a little bit of the responsibilities as an oversight to make sure things continue to run smoothly. All Councilmembers agreed this is something they should do.

Administration Manager Carr read the letter aloud as requested.

Vice-President Gore asked if the event could be held at the Hard Truth Hills facility rather than downtown. A representative from Big Woods explained the event has traditionally been held in the alley of Molly's Lane and not every tourist will want to drive two miles out of town to attend the event. She added that by having the event in town it allows participants to visit the other shops in town. Discussion.

TOWN COUNCIL MEETING AUGUST 16, 2018

The representative for Big Woods advised the event is to be held outside weather permitting and noted the event begins at 1:30pm and will end at 9pm. Administration Manager Carr advised they are asking that the area be blocked on September 15, 2018 from 10am – 11pm.

A. UPDATE ON TRAFFIC VIOLATIONS ORDINANCE

Town Attorney Roberts advised he has before the Council two proposed ordinances that address the establishment of a traffic violations bureau and defining some traffic violations. Town Attorney Roberts reported that he has set out a schedule of offenses which are basically one way streets, speed limits, stop signs and all marked cross walks.

Town Attorney Roberts reported that Ordinance 2018-08 creates an Ordinance Violations Bureau and it is authorized by State Statute IC 33-36-2-1. The Clerk-Treasurer's Office will be the Ordinance Violations Bureau and the ordinance sets out the procedures by which these newly designated traffic offenses would be administered through the Clerk-Treasurer's Office. Vice-President Gore, Town Manager Rudd, Brown County Prosecutor Ted Adams and Brown County Sheriff Scott Southerland met to put together a task force. He noted that Police Chief Seastrom was out of town during this first meeting. Town Attorney Roberts advised they will call this the Collaborative Action Resistance and Enforcement Task Force and explained the idea is to use administrative law to put pressure on those that use Nashville as a place to distribute illegal substances.

TOWN COUNCIL MEETING AUGUST 16, 2018

7) ANY OTHER BUSINESS THAT MAY COME BEFORE THE COUNCIL

Councilmember Rudd would like Town Attorney Roberts to work with Planning and Zoning to bring the Town's codes up to date. Town Attorney Roberts believes there is a need for the Town Council to review these ordinances. He asked the Council's permission to coordinate with the Planning and Zoning Attorney so they can make the ordinances more compatible and give more flexibility for our citizens.
